

PRIVACY STATEMENT Peeters Robotic Solutions

Personal data

This statement is intended for customers and / or suppliers of Peeters Robotic Solutions
This statement further sets out the way Peeters Robotic Solutions handles your personal data. Personal data relate or could relate to an individual person. Data can qualify as fairly quickly as a personal data also combined with other data it may qualify as personal data. Examples of personal data are name and address , email addresses , IP addresses , telephone numbers.

Peeters Robotic Solutions informs you herewith that the personal data you provide to us, are collected and used, because it is necessary to a conclude and execute any agreement with you. That applies to both our (potential) customers as to parties from whom we purchase goods and / or services.

Without this information, it would be impossible to send you a quote, determine the specifications or requirements that a particular service should meet, to perform work, to invoice, to pay and to deal with you smoothly and efficiently and to be able to communicate about the execution of the agreement.

You are not obliged to provide us with your personal data. However, if you don't provide us or do not provide us with sufficient personal data it may be possible that we cannot perform the aforementioned work or services.

Transfer to third parties

In connection with the performance of the agreement, we may provide your personal data to parties who work to carry out the aforementioned work or services on our behalf. We also use external server space for the storage of (parts of) our sales and purchasing administration, which contain your personal data.

For this reason, your personal data will be sent to our provider of the server room .

Because we use a newsletter mailing service, your personal data are finally transferred to the provider of this service.

Direct marketing

If and to the extent that you have given us consent , we will retain and use your personal data you have provided to us in order to notify you personally by email in the future of our existing and new services and future opportunities.

Every time we send you a mailing, you have the option to inform us not to be contacted by e-mail any longer . See the unsubscribe link at the bottom of each mailing.

Cookies

Cookies are small text files that are stored on your computer when you visit our website, tablet or smartphone. These text files store information that can be recognized by the website at a later visit.

We use functional cookies. We use them to make it easy for you to use our website At future visits. This includes recognizing your login details during your visit to our website.

Retention period of personal data

- If you have not become a customer (or if we have not become your customer) then your personal data will be deleted no later than twelve months after our last contact.
- If you have become our customer (or we have become your customer), we will retain your personal data for a period of seven years after the end of the financial year in which the agreement with you has been fully executed. The seven-year period is the same retention period during which we have to retain our records for the Tax authorities. After this period we will remove your personal data.

Your rights

You have the right:

- to view and / or obtain your own personal data.
- to change or have changed your personal data if they contain errors.
- to have your own personal data erased or to have the use of such data restricted
- to have your own personal data transferred by us to another party.

You can also object to the collection and use of your personal data or file a complaint with the Dutch Data Protection Authority.

To exercise your rights, please contact:
